All - I did this the year before last - not a PGR Mission, but a heck of an event - 400 plus scoots going down the road in a group, and there is nothing like 3000 American Flags in PERFECT rows, flapping in the breeze, at Pepperdine University, overlooking the Pacific Ocean. Heck of a remembrance of 9/11. I will be going down on Friday, 9/10 for any that wish to go down with me. Details of where to stage, (here and there) etc, will be forthcoming.

ALR/PGR and Patriot Motorcycle Riders of this Great Nation:

As many of you may recall Ryan Sawtelle a graduate of Pepperdine University three years ago received permission and planted 3,000 flags on the front lawn of Pepperdine University during the week of September 11, 2008. He then organized and with the help of the PGR, ran the 1st Annual Ride To The Flags (RTTF) as a fund raiser for The Intrepid Warriors Foundation. It was a smashing success!

Last year we attempted to do the same thing however, about a month before the event was to be held it all fell apart. So he asked the PGR to put a quick 2nd Annual Ride To The Flags together... which we did... but the ride was too short.

Great News!!! The 3rd Annual RTTF is coming together BIG. This year we are sponsored by the Gary Sinise Charitable Foundation! Ryan already has several celebrities lined up to ride with us! Names of these celebrities and some other really exciting stuff will be announced very soon.

This ride will be better than ever with about 40 miles of escorted country road ending at Pepperdine University and the 3,000 flags.

This is a fund raiser, but we are organizing this run so that 99% of all funds raised go to the Charity! No Overhead! Any patches or other hand out items will be produced through separate sponsor contributions. Sign up is free the amount you donate is your choice but it all goes to our men and women in uniform! A true focus on the bottom line fundraiser!

So Mark Your Calendars!!!

This will be posted on the PGR California Forum Soon! (Website is down at this moment).
